Assembly Instructions
VISION® LightBox Desk Wooden
Product ID: PD40-100W-100H

1. Assemble the wooden frame table first, ensuring all the screw positions are aligned and tightly fastened.

2. Assemble the lightbox frame using the clamps. Connect the cables where needed.

3. Mount the blockout fabric and then install the light box into the wooden frame and secure it with screws.

4. Install the printed fabric onto the front face of the light box. Installation complete
